

Newhall School District
Dual Language Immersion Program
2025-2026

Thank you for your interest in the Newhall School District's Spanish Dual Language Immersion Program. Incoming students are enrolled in the program based on a lottery system.

Eligibility for this program requires the following:

1. Complete the registration & enrollment for your student's school of residence beginning January 21, 2025, **AND**;
2. Complete the NSD Dual Immersion Program Application on the Newhall School District website, which will become available on January 21, 2025. **Applications must be submitted no later than 4:30 p.m., February 28, 2025.**
3. **Completed Enrollment will be verified by District staff. If the student has not been enrolled for his/her school of residence, or registration is not verified as complete by the school site, the dual immersion application will not be entered into the lottery.**

Additional important information:

- Our Dual Language Program is comprised of a balance of students whose first language is English and students whose first language is Spanish. Families who indicate that their home language is Spanish will need to have their student complete a brief language activity to verify their Spanish language dominance.
- Seats in the program will be filled by lottery.
- The lottery will be held on **March 7, 2025** at the District Office. The families selected to participate in the program will be notified by phone/email starting March 10th. After notification of acceptance into the program, parents will have a week to accept program placement.
- For those families who are not selected, your child will be placed on a waitlist and you will be notified if placement becomes available in the Dual Immersion Language Program for the 2025-2026 year.
