My goal is to nurture my students' curiosity, inspire their creativity, and help them gain confidence and responsibility. I want my students to think deeply, appreciate others, and be excited about learning.

Michelle Fusner
Room 22 Extension 122

I would like to be the teacher I would hope for my own daughters. To understand each child's different needs and to love them, build them, and inspire them.

Heesun Kehl
Room 23 Extension 123

My goal is to empower students to find that they can achieve anything they put their mind to with effort and perseverance. I hope to inspire them to be the best that they can be.
