

THIRD GRADE

Kimberly Beausejour
Room 28 Extension 128

My mission is to create a safe learning environment that allows each child, as an individual, to be creative and successful.

Jan Burton
Room 21 Extension 121

My mission is to make a positive impact on my students both academically and emotionally. My hope is that they leave third grade with confidence in themselves both as a student and person.

Patricia Porter
Room 7 Extension 107

My mission as an educator is to inspire my students to love learning. Nothing is more exciting than watching students gain more knowledge and skills through their academic interactions. Each year as a child progresses in school, they acquire the necessary tools to become a lifelong learner. It is a privilege to be a part of this process.
